Oral Surgery

One Saturday morning each month, Cole Anderson, DMD, and Oral Surgery Resident to performs difficult extractions for children who are referred by CUPHD general dentists. The clinic utilizes volunteer dental and pre-dental students for infection control, instrument processing, post-op instructions, and clinic flow. Only local anesthetic is utilized, no anesthesia services are available. Dr. Anderson will complete his residency in May 2012 and Blake Kitamura, DMD, also an Oral Surgery Resident, will take his place with CUPHD.

NO ORAL SURGERY CLINIC WAS AVAILABLE IN JANUARY.
FEBRUARY 18, 2012 IS THE NEXT SCHEDULED CLINIC.

Mobile Dental Clinics: 2011-12

During the 2011-12 School Year, Urbana Students in Grades PK - 6th and Champaign Students in Grades PK, K, 2nd and 6th will be eligible for Mobile Dental Services at their school. Through Medicaid Reimbursement and an IDPH Grant, students will receive an exam, dental cleaning, fluoride treatment, and dental sealants on the first and second permanent molars to seal out tooth decay.

During August School Registration all students in these grades will have the opportunity to complete a consent form allowing the CUPHD Mobile Dental Clinic to provide preventative dental care at school. Schools are contacted after registration to determine the best time to schedule their clinic.

All students treated during the clinics receive a Home Oral Health Care Kit that includes a toothbrush, toothpaste, and dental floss. Students are referred to CUPHD Dental Clinics to establish and Dental Home and receive continued follow up care.

CATCH Program

CATCH[®]

Lucky Tray Day is offered to our partner CATCH schools. We send CUPHD staff, interns, and volunteers to schools at lunch. If the students are eating their GO foods, they get a raffle ticket. At the end of the day 3 students are selected to win prizes. Fitness Fridays/Moving Mondays are days that our CATCH schools ask students to move when told over the intercom. We also offer structured physical activities at recess.

Schools currently participating in CATCH are:

Events

On January 14, we participated in Walk in the Park at Market Place Mall sponsored by the Champaign Park District. We informed participants of our many programs, played trivia games with kids, and displayed the different amounts of fat, sugar, and salt in commonly consumed foods.

We participated in Lucky Tray Day with Unity West. It was also Green Day. The items on the tray were green, and the cafeteria was decorated with green vegetable

Champaign Urbana Public Health District's Vision & Hearing Screening Program

CUPHD employs a State Certified Auditory and Vision Technician to provide State mandated Hearing and Vision screenings to children enrolled in a Licensed Daycare, Preschool, or Private School in Champaign County. The Hearing and Vision Screening Program is funded through a IDPH Grant and Medicaid / All Kids Reimbursement.

Illinois Breast & Cervical Cancer Program (IBCCP)

IBCCP contracts with local medical providers to provide free breast and cervical cancer screening for Illinois women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP serves women from Champaign, McLean and Vermilion Counties. CUPHD IBCCP provides community outreach as well as educational materials and presentations throughout our service area to encourage all women to have their annual screenings done and to seek new client enrollment in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screening tests yield abnormal results requiring IBCCP medical case management and diagnostics services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.

WISEWOMAN

ILLINOIS DEPARTMENT OF PUBLIC HEALTH

The mission of the IWP is to provide low-income, uninsured 40 – 64 year-old women with knowledge, skills, cardiovascular screenings, and opportunities to improve their diet, physical activity, and other life habits to prevent, delay, or control cardiovascular and other chronic diseases.

The Illinois WiseWoman Program (IWP) is a cardiovascular disease risk factor screening, intervention and evaluation program that is currently being implemented among women who participate in the Illinois Breast and Cervical Program.

New clients enrolled	9	5	0	14
Number of clients completing an integrated visit	13	4	1	18
# of LSI classes held				0
Average number of women attending LSI class				N/A

News

Following lipid, glucose, and blood pressure measurements, IWP participants can choose one of four lifestyle interventions that best suits their risks and motivations. Unique to the IWP is Level 3 Lifestyle Intervention, which consists of four fun dietary and physical activity sessions designed to empower Illinois WISEWOMAN Program participants to prevent, delay, and control cardiovascular and other chronic diseases.

Arrangements are being finalized for an English LSI-3 session to begin late in February 2012.
