Tobacco Programs

Smoke Free Illinois compliance

Education/enforcement program for Smoke Free Illinois. We handle all the complaints from the state for Champaign County as well as those from our website. We help businesses to comply with the laws, and report to the State's Attorney's if they do not.

Tar Wars

A 3- session program delivered in 4th and 5th grade classes. This programs focus is on changing normative beliefs about the prevalence of tobacco use. Further, instead of giving participants reasons not to use tobacco, it equips participants with decision-making and effective communication skills. Through this program students get a chance to develop counter-marketing strategies.

Other Education Programs

Lucky Tray Day is offered to our partner CATCH schools. We send CUPHD staff, interns, and volunteers to schools at lunch. If the students are eating their GO foods, they get a raffle ticket. At the end of the day 3 students are selected to win prizes. Fitness Fridays/Moving Mondays are days that our CATCH schools ask students to move when told over the intercom. We also offer structured physical activities at recess.

Events

We recently received funding to offer a pregnancy prevention curriculum on setting and respecting boundaries. It is called Draw the Line/Respect the Line. In addition to the curriculum, we will also offer positive youth development activities through after school programs. We are working with Rantoul schools to implement the curriculum. On August 27th, we attended the J.W. Eater Open House and shared the curriculum and other information with the students, parents, and faculty. One hundred people attended.

Two of our staff, from our tobacco programs, were able to attend The National Conference on Tobacco Health. They brought back a lot of information on smoke free places, the latest on cessation, and emerging tobacco products.

Staff from Unity East, Unity West, and Unity Junior High attended the first half of the CATCH training on August 22, 2012. They will be implementing CATCH in their schools this year.

Champaign Urbana Public Health District's Vision & Hearing Screening Program

CUPHD employs a State Certified Auditory and Vision Technician to provide State mandated Hearing and Vision screenings to children enrolled in a Licensed Daycare, Preschool, or Private School in Champaign County. The Hearing and Vision Screening Program is funded through a IDPH Grant and Medicaid / All Kids Reimbursement.

Illinois Breast & Cervical Cancer Program (IBCCP)

IBCCP contracts with local medical providers to provide free breast and cervical cancer screening for Illinois women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP serves women from Champaign, McLean and Vermilion Counties. CUPHD IBCCP provides community outreach as well as educational materials and presentations throughout our service area to encourage all women to have their annual screenings done and to seek new client enrollment in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screening tests yield abnormal results requiring IBCCP medical case management and diagnostics services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.

WISEWOMAN

ILLINOIS DEPARTMENT OF PUBLIC HEALTH

The mission of the IWP is to provide low-income, uninsured 40 – 64 year-old women with knowledge, skills, cardiovascular screenings, and opportunities to improve their diet, physical activity, and other life habits to prevent, delay, or control cardiovascular and other chronic diseases.

The Illinois WiseWoman Program (IWP) is a cardiovascular disease risk factor screening, intervention and evaluation program that is currently being implemented among women who participate in the Illinois Breast and Cervical Program.

News

Following lipid, glucose, and blood pressure measurements, IWP participants can choose one of four lifestyle interventions that best suits their risks and motivations. Unique to the IWP is Level 3 Lifestyle Intervention, which consists of four fun dietary and physical activity sessions designed to empower Illinois WISEWOMAN Program participants to prevent, delay, and control cardiovascular and other chronic diseases.

No LSI-3 classes were held this month. Both English and Spanish LSI-3 sessions were held in June.
