CUPHD Dental Program

Champaign-Urbana Public Health District's Champaign Dental Clinic provides a Dental Home for children with All Kids who are residents of Champaign or Urbana. Appointments are available Monday - Friday, 8am - 4pm with Emergency and Urgent Care appointments also available. Parents are encouraged to schedule dental visits after their child's first birthday. The clinic is staffed by a dentist and 2 hygienists, however, beginning February 1st the patient case load required that we increase to 2 dentists on Tuesdays and Thursdays.

Going to the dentist can be scary for little ones. Funny smells, strange noises and strangers poking around in their mouths can make the dental office an unfriendly place. The children & teens Dental Clinic at CUPHD strives to make the office a friendlier place with smiles, soothing voices and patient staff. But, having Captain America, Dora, Elsa, Dory & Nemo hanging around the office is really friendly. Each room has a familiar cartoon character to calm the jitters; an Ocean Room was recently created in hygienist Whitney Scheiwe's room, and her patients love it.

Tobacco Programs

Smoke Free Illinois compliance

Education/enforcement program for Smoke Free Illinois. We handle all the complaints from the state for Champaign County as well as those from our website. We help businesses to comply with the laws, and report to the State's Attorney if they do not.

County	# of Complaints	1

Break the Habit

We have transitioned Break the Habit to the Illinois Tobacco Quitline. People interested in quitting can call the Quitline and get individual phone counseling from Addiction Specialists. If interested call 866-QUIT-YES (866-784-8937).

Not Here

A tobacco sales compliance program. We notify all tobacco vendors that we will check for compliance with minimum age laws. After we test the stores, we send congratulatory letters if they pass, as well as notices of failure. This is in cooperation with local law enforcement. Vendors are checked for compliance 3 times per year.

Illinois Breast & Cervical Cancer Program (IBCCP)

IBCCP contracts with local medical providers to provide free breast and cervical cancer screening for Illinois women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP serves women from Champaign, McLean and Vermillion Counties. CUPHD IBCCP provides community outreach as well as educational materials and presentations throughout our service area to encourage all women to have their annual screenings done and to seek new client enrollment in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screening tests yield abnormal results requiring IBCCP medical case management and diagnostics services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.

September 2016

IBCCP participated in the Black Expo at the Peoria Civic Center, where we discussed our program to 595 women in attendance. The IBCCP coordinator attended the 9th annual breast cancer symposium and spoke with 4 breast navigators from OSF Peoria to discuss the program and making referrals to services. The coordinator also spoke with CUPHD's Adult Services Clinic to discuss the program and processes for referring clients to our services. We continue to focus on transitioning PMW clients into our caseload. Distribution of IBCCP grocery totes was focused on food pantries at CUPHD. Some PMW provider contracts are pending.

We continue to serve over caseload. Enrollment continues in an upward trend and re-enrollment remains high. We are discharging fewer than 5 women a month to Medicaid/ACA.
