The division of Infectious Disease Prevention and Management oversees a program which was established by the Ryan White Part B Comprehensive AIDS Resource Emergency Care Act. This program was designed to help improve quality, availability and organization of health care and support services for individuals living with HIV/AIDS disease. The East Central Illinois HIV Care Connect provides medical case management, support groups, oral health care, housing, utility, primary medical care, nutrition services, vaccination programs, transportation, mental health and legal assistance to eligible individuals within the care connect region.

The East Central Illinois HIV Care Connect covers the counties of Champaign, Clark, Clay, Coles, Crawford, Cumberland, Douglas, Edgar, Effingham, Ford, Iroquois, Jasper, Kankakee, Lawrence, Livingston, Richland and Vermillion.
