Healthcare Services Retreat Next Month

*The Champaign-Urbana Public Health District is Hosting the Delivery of
Essential Healthcare Services Retreat March 31st*

Champaign, IL – The Champaign-Urbana Public Health District (CUPHD) is hosting a “Collaborative Planning for the Delivery of Essential Healthcare Services” Retreat on Wednesday, March 31, 2010 at the Hilton Garden Inn in Champaign from 8:30 AM to 3:30 PM.

The Champaign-Urbana Public Health District has been working with community partners to execute the U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, Essential Healthcare Services Project. As part of this project, multiple tools and templates have been developed for community planning and response. The purpose of this retreat is to bring together community partners to present the tools that have been developed and lessons learned during the project. The retreat will allow the community to take these tools and implement them in their own practice to further support pandemic influenza preparedness efforts as they relate to essential healthcare services.

To register for this one-day conference, e-mail champcoprepares@c-uphd.org by March 5, 2010 to reserve a spot.
