

COVID-19 TESTING OPEN TO ALL

COVID-19 testing is available at the Market Place Shopping Center in Champaign. This is a FREE service that can be obtained without a doctor's referral, code, or appointment.

Testing site is located at 2000 N. Neil St., Champaign in the parking lot on the East side of the mall - Enter through the South mall entrance off of Market Street.

8:00am - 4:00pm (7 days a week while daily supplies last)

Tests are now available for anyone, including individuals walking up to the site, and there is no limit to the number of tests one person is allowed to take.

As we move through the Restore Illinois plan, and into a full reopening of the state, testing will be crucial to identifying new cases and taking immediate action to prevent additional spread.

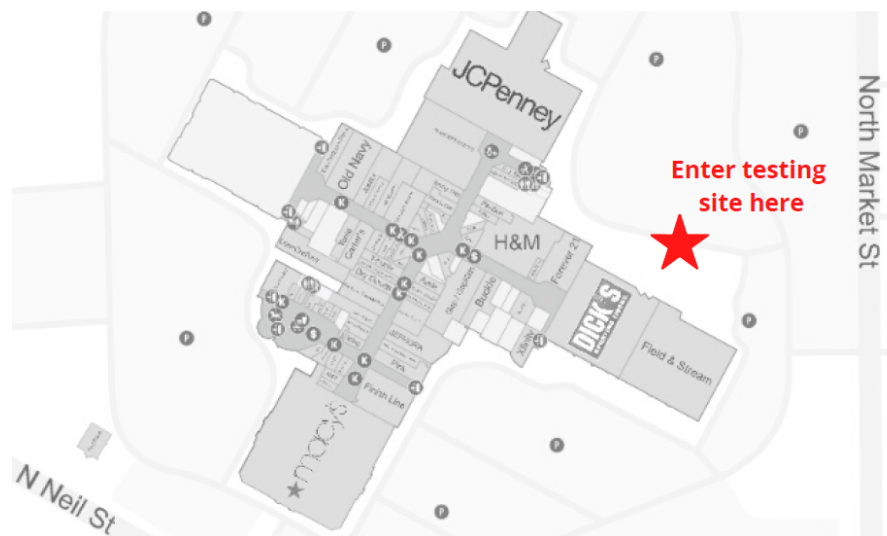

The test is quick and painless with a 10-15 second swab inside of each nostril.

Please note - Patients receiving required pre-surgery or pre-procedure testing should receive that test as directed by their doctor's office to avoid delays.
