Know Before You Go

This is a free service that can be obtained without a doctor's referral. While this is a free service, you will be asked to show 1) photo identification and 2) healthcare employee or first responder ID/badge, if applicable.

Patients utilizing drive-thru testing sites must be seated at a functioning window. Once you get in line at the CBTS, you will not be permitted to exit your car. For the safety of the testing personnel, drive-thru sites will not be able to accommodate walk-up individuals.

Please note - Patients receiving required pre-surgery or pre-procedure testing should receive that test as directed by their doctor's office to avoid delays.

211 - This is a service provided by the United Way with trained specialists to match people to the right service agency based on your individual needs. For access, dial 211 or visit the Champaign County 211 website at uwayhelps.org/211.

Champaign County COVID-19 Resource Site - During this challenging time, the community is coming together to provide solutions. A county website has been created to provide information, updates and needed resources that provide support. This information can be found at: champaigncountycovid19.org

The COVID-19 website will be updated as new information is received.

Community transmission

We have community transmission, meaning the virus is circulating among the local community and infecting people who are not sure how or where they were infected, we all should consider ourselves at risk for exposure to COVID-19. That means that everyone should stay home as much as possible and self-monitor for symptoms. Self-monitoring means checking yourself daily for fever, cough, shortness of breath or a sore throat.

COVID-19 Patient Resources

Carle (217) 902-6100

- Carle remains open to meet essential Primary and Specialty Care needs. Examples of essential appointments include high blood pressure, ear infection and minor cuts and fractures. Patients should call the COVID-19 Hotline at (217) 902-6100 to be assessed and directed to the appropriate location for care. Your provider may address many health needs by phone or virtual visits in accordance with social distancing best practice. OSF 833-OSF KNOW (833-673-5669)

- The COVID-19 Nurse Hotline is staffed by OSF registered nurses around the clock, and during times of heavy usage will be staffed by other OSF health care professionals.
- Clare, the virtual assistant chatbot on osfhealthcare.org, is equipped to begin screenings for and educate the public about COVID-19.
- OSF COVID Companion is a free text messaging tool that the public can use to receive guidance about COVID-19. To subscribe, users can text OSF to 67634.
- **OSF SilverCloud**-An online platform available at osfhealthcare.org/silvercloud, available 24/7 to help manage stress, anxiety and depression. It's backed by a live health care professional who can direct users to in-person or telehealth care if necessary.
- OSF HealthCare is launching a Pandemic Health Worker Program (PHWP) that will serve individuals with COVID-19 symptoms. A person is eligible for the PHWP if he or she is showing COVID-19 symptoms, or is at high risk for contracting the virus, but does not require emergency or inpatient care, and can be digitally monitored at home. They must first call the COVID-19 Nurse Hotline (**833-OSF-KNOW**) and be digitally triaged by a nurse. Depending on the answers to the screening questions, the nurse or other provider will determine if they are eligible for the PHWP. If enrolled, the client will be notified and receive a phone call from a Pandemic Health Worker within 48 hours.
