**Champaign County COVID-19 Daily Briefing**

Champaign, Ill.— All daily media briefings are provided under the leadership of the Champaign County Emergency Operations Center (EOC).

We are announcing eight new cases today; Champaign County has a cumulative total of 662 cases. There have been a total of seven COVID-related deaths. These numbers are accurate as of the release time.

For information on demographics, please visit the Champaign-Urbana Public Health website at: <https://www.cuphd.org/champaign-urbana-illinois-coronavirus-information.html>

**Please note that this briefing will move to a weekly format after today’s release. CUPHD’s website will continue to provide daily COVID updates and additional community resources continue to be available including:**

**211** - This is a service provided by the United Way with trained specialists to match people to the right service agency based on your individual needs. For access, dial 211 or visit the Champaign County 211 website at [uwayhelps.org/211](http://uwayhelps.org/211).

**Champaign County COVID-19 Resource Site** - During this challenging time, the community is coming together to provide solutions. A county website has been created to provide information, updates and needed resources that provide support. This information can be found at: [champaigncountycovid19.org](http://champaigncountycovid19.org)

The COVID-19 website will be updated as new information is received.

**Champaign County Safe** – A coalition of local organizations and municipalities have launched an online resource to help Champaign County businesses as they progress through the next stages of the state’s Restore Illinois plan. The new website - [champaigncountysafe.org](http://champaigncountysafe.org) – was developed to maintain the safety and well-being of our communities and to share information and resources with businesses in Champaign County. The site will serve as a hub for Champaign County businesses to access resources, including re-opening guidelines, sample signage, PPE suppliers, local cleaning companies, local printers and more.

As guidelines continue to evolve, the site and all the resources will be updated, so businesses should check back frequently for the latest information.

*\*Releases will be issued each Wednesday until further notice*

### Additional resources and information

**COVID-19 testing option** - The State's drive-thru COVID-19 testing site is available at the Market Place Shopping Center in Champaign. This is a **FREE** service that can be obtained without a doctor's referral, code, or appointment.

8:00 a.m. – 4:00 p.m. (7 days a week while daily supplies last)  
Market Place Shopping Center, 2000 N. Neil Street, Champaign

Testing site is located on the East side of the mall - Enter through the South mall entrance off of Market Street

**Testing** - The test is self-administered, quick and painless with a 10-15 second swab inside of each nostril. According to the Illinois Department of Public Health, the self-administered nasal swab has the same sensitivity to detect coronavirus as the nasopharyngeal swab and is CDC approved.

**Please note** - Patients receiving required pre-surgery or pre-procedure testing should receive that test as directed by their doctor's office to avoid delays.

**Additional information and guidance can be found at:** <http://dph.illinois.gov/covid19/testing-guidance>.

- The COVID-19 Nurse Hotline is staffed by OSF registered nurses around the clock, and during times of heavy usage will be staffed by other OSF health care professionals.
- Clare, the virtual assistant chatbot on [osfhealthcare.org](https://osfhealthcare.org), is equipped to begin screenings for and educate the public about COVID-19.
- OSF COVID Companion is a free text messaging tool that the public can use to receive guidance about COVID-19. To subscribe, users can text OSF to 67634.
- **OSF SilverCloud**-An online platform available at [osfhealthcare.org/silvercloud](https://osfhealthcare.org/silvercloud), available 24/7 to help manage stress, anxiety and depression. It's backed by a live health care professional who can direct users to in-person or telehealth care if necessary.
- OSF HealthCare is launching a Pandemic Health Worker Program (PHWP) that will serve individuals with COVID-19 symptoms. A person is eligible for the PHWP if he or she is showing COVID-19 symptoms, or is at high risk for contracting the virus, but does not require emergency or inpatient care, and can be digitally monitored at home. They must first call the COVID-19 Nurse Hotline (**833-OSF-KNOW**) and be digitally triaged by a nurse. Depending on the answers to the screening questions, the nurse or other provider will determine if they are eligible for the PHWP. If enrolled, the client will be notified and receive a phone call from a Pandemic Health Worker within 48 hours.
