Champaign County COVID-19 Briefing

Champaign, Ill.— All media briefings are provided under the leadership of the Champaign County Emergency Operations Center (EOC).

We are announcing a cumulative total of 1,432 cases in Champaign County which includes 191 new cases for the time period of July 23 – July 29, 2020. In addition, we are reporting two more deaths for the same time period in Champaign County. One person was a male in his 70s and the other person was a female in her 90s. Both had underlying health conditions. There have been a total of 19 COVID-related deaths. These numbers are accurate as of the release time.

According to the Champaign-Urbana Public Health District, “Any meetings or gatherings that have people within 6 feet of each other and not masked, even if they are your relatives, put you at risk of exposure.”

For daily information on demographics, please visit CUPHD’s website at: <https://www.c-uphd.org/champaign-urbana-illinois-coronavirus-information.html>.

COVID-19 testing option - COVID-19 testing site is available at the Market Place Shopping Center in Champaign.

This is a **FREE** service that can be obtained without a doctor's referral, code, or appointment. Tests are available for anyone, including individuals walking up to the site, and there is no limit to the number of tests one person is allowed to take.

8:00 a.m. – 4:00 p.m. (7 days a week while daily supplies last)
Market Place Shopping Center, 2000 N. Neil Street, Champaign

Testing site is located on the east side of the mall – enter through the south mall entrance off of Market Street

****This site will close during inclement weather***

Testing - The test is quick and painless with a 10-15 second swab inside of each nostril. According to the Illinois Department of Public Health, the nasal swab has the same sensitivity to detect coronavirus as the nasopharyngeal swab and is CDC approved.

- **OSF SilverCloud**-An online platform available at osfhealthcare.org/silvercloud, available 24/7 to help manage stress, anxiety and depression. It’s backed by a live health care professional who can direct users to in-person or telehealth care if necessary.
- OSF HealthCare has launched a Pandemic Health Worker Program (PHWP) that serves individuals with COVID-19 symptoms. A person is eligible for the PHWP if he or she is showing COVID-19 symptoms, or is at high risk for contracting the virus, but does not require emergency or inpatient care, and can be digitally monitored at home. They must first call the COVID-19 Nurse Hotline (**833-OSF-KNOW**) and be digitally triaged by a nurse. Depending on the answers to the screening questions, the nurse or other provider will determine if they are eligible for the PHWP. If enrolled, the client will be notified and receive a phone call from a Pandemic Health Worker within 48 hours.
- OSF HealthCare is offering video visits for those who prefer to see their physician from the comfort of their own home, while safely distancing from others. Patients can go to osfmychart.org or call their doctor’s office to see if a video visit is the right choice for them.
