Stay-At-Home Order

Governor Pritzker has extended the Stay-At-Home executive order through May, with some modifications. Illinoisans are to continue to stay at home or place of residence as much as possible. You may leave your home or place of residence only for essential activities, essential government functions, or essential work as defined in the executive order.

Modifications

- **Everyone must wear a face covering** (mask or cloth face covering) when you leave your place of residence and cannot keep a 6 foot distance from others. Face-coverings are required in public indoor spaces such as stores.
- Retail businesses that are non-essential (i.e have been closed) may reopen for delivery or curbside pickup. All orders are to be made online or via a phone call. Customers may not enter these stores.
- Fishing, boating, and golf are permitted only when following the guidelines provided by the Illinois Department of Commerce and Economic Opportunity (DCEO).
- State Parks will begin a phased re-opening.
- Schools may allow pick-up of necessary supplies or student belongings left in the school.

Essential Activities Defined

The following activities are acceptable to leave your place of residence for:

- Getting medical supplies or medication
- Visiting a healthcare provider (with prior approval from the provider)
- Going to the grocery store for food and other essential supplies such as safety/sanitation products
- Outdoor activities such as walking or hiking **while maintaining social distancing**
- To care for a family member or pet in another household
- To pick up retail purchases or food from a restaurant to be consumed at home

By staying at home, you are saving lives. The coronavirus does not spread as much when we all do our part to be in public as little as possible.

By wearing a face covering in public, you are flattening the curve. Check out our infographic on [facebook](https://www.facebook.com) to learn more about how covering your face reduces the risk of spreading the coronavirus.

Thank you for staying home, Champaign County.
