Tobacco Programs

Smoke Free Illinois compliance

Education/enforcement program for Smoke Free Illinois. We handle all the complaints from the state for Champaign County as well as those from our website. We help businesses to comply with the laws, and report to the State's Attorney's if they do not.

Tar Wars

A 3- session program delivered in 4th and 5th grade classes. This programs focus is on changing normative beliefs about the prevalence of tobacco use. Further, instead of giving participants reasons not to use tobacco, it equips participants with decision-making and effective communication skills. Through this program students get a chance to develop counter-marketing strategies.

Let's Get It Started

Let's get it started is a program that in collaboration with University of Illinois Extension and County Market help families plan, purchase, prepare, and enjoy cost-effective and healthy meals together. Families also participate in a variety of fun activities to promote getting up and moving. Subjects covered include portion control, label reading, food and fire safety in the kitchen, food demo's and a grocery store tour with a nutritionist.

Next Class Starts May 17, 2011

CATCH Program

CATCH[®]

Lucky Tray Day is offered to our partner CATCH schools. We send CUPHD staff, interns, and volunteers to schools at lunch. If the students are eating their GO foods, they get a raffle ticket. At the end of the day 3 students are selected to win prizes. Fitness Fridays/Moving Mondays are days that our CATCH schools ask students to move when told over the intercom. We also offer structured physical activities at recess.

Schools currently participating in CATCH are:

Illinois Breast & Cervical Cancer Program (IBCCP)

IBCCP contracts with local medical providers to provide free breast and cervical cancer screening for Illinois women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP serves women from Champaign, McLean and Vermilion Counties. CUPHD IBCCP provides community outreach as well as educational materials and presentations throughout our service area to encourage all women to have their annual screenings done and to seek new client enrollment in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screening tests yield abnormal results requiring IBCCP medical case management and diagnostics services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.

WISEWOMAN

ILLINOIS DEPARTMENT OF PUBLIC HEALTH

The mission of the IWP is to provide low-income, uninsured 40 – 64 year-old women with knowledge, skills, cardiovascular screenings, and opportunities to improve their diet, physical activity, and other life habits to prevent, delay, or control cardiovascular and other chronic diseases.

The Illinois WiseWoman Program (IWP) is a cardiovascular disease risk factor screening, intervention and evaluation program that is currently being implemented among women who participate in the Illinois Breast and Cervical Program.
