Tobacco Programs

Smoke Free Illinois compliance

Education/enforcement program for Smoke Free Illinois. We handle all the complaints from the state for Champaign County as well as those from our website. We help businesses to comply with the laws, and report to the State's Attorney's if they do not.

|---------------|-----------------|---|
| CU | # of Complaints | 0 |
| County | # of Complaints | 0 |

Break the Habit

People interested in quitting can call the Quitline and get individual phone counseling from Addictions Specialists. We have transitioned Break the Habit to the Illinois Tobacco Quitline. If interested call 866-QUIT-YES (866-784-8937).

Not Here

A tobacco sales compliance program. We notify all tobacco vendors that we will check for compliance. After we test the stores, we send congratulatory letters if they pass. We forward those who fail on to law enforcement, who do an official check for compliance 3 times a year.

Freedom From Smoking

A 7-week, 8 session class that focuses on giving people who want to quit tools for success. Before the participants quit, they look at their habit, and reasons for wanting to be smoke-free, and develop an individual plan to quit. Patches are offered with this program.

Tar Wars

A 3- session program delivered in 4th and 5th grade classes. This programs focus is on changing normative beliefs about the prevalence of tobacco use. Further, instead of giving participants reasons not to use tobacco, it equips participants with decision-making and effective communication skills. Through this program students get a chance to develop counter-marketing strategies.

Other Education Programs

CATCH Program

Lucky Tray Day is offered to our partner CATCH schools. We send CUPHD staff, interns, and volunteers to schools at lunch. If the students are eating their GO foods, they get a raffle ticket. At the end of the day 3 students are selected to win prizes. Fitness Fridays/Moving Mondays are days that our CATCH schools ask students to move when told over the intercom. We also offer structured physical activities at recess.

Schools currently participating in CATCH are:

| Thomasboro Elementary, Thomasboro | 185 |
| Unity West Elementary, Tolono | 490 |
| Fisher Grade School, Fisher | 318 |
| Carrie Busey | 390 |

Events

On February 22, we helped with Unity West's Family Fun Night. We let families play Just Dance on our Wii. We taught parents ways to keep their children active at home through fun activities that also help keep the house clean.

Illinois Breast & Cervical Cancer Program (IBCCP)

IBCCP contracts with local medical providers to provide free breast and cervical cancer screening for Illinois women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP serves women from Champaign, McLean and Vermilion Counties. CUPHD IBCCP provides community outreach as well as educational materials and presentations throughout our service area to encourage all women to have their annual screenings done and to seek new client enrollment in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screening tests yield abnormal results requiring IBCCP medical case management and diagnostics services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.

WISEWOMAN

ILLINOIS DEPARTMENT OF PUBLIC HEALTH

The mission of the IWP is to provide low-income, uninsured 40 – 64 year-old women with knowledge, skills, cardiovascular screenings, and opportunities to improve their diet, physical activity and other life habits to prevent, delay, or control cardiovascular and other chronic diseases.

The Illinois WiseWoman Program (IWP) is a cardiovascular disease risk factor screening, intervention and evaluation program that is currently being implemented among women who participate in the Illinois Breast and Cervical Program.

News

Following lipid, glucose, and blood pressure measurements, IWP participants can choose one of four lifestyle interventions that best suits their risks and motivations. Unique to the IWP is Level 3 Lifestyle Intervention, which consists of four fun dietary and physical activity sessions designed to empower Illinois WISEWOMAN Program participants to prevent, delay, and control cardiovascular and other chronic diseases.

English LSI-3 sessions began in February and will finish in March.
