Tobacco Programs

Smoke Free Illinois compliance

Education/enforcement program for Smoke Free Illinois. We handle all the complaints from the state for Champaign County as well as those from our website. We help businesses to comply with the laws, and report to the State's Attorney's if they do not.

Break the Habit

People interested in quitting can call the Quitline and get individual phone counseling from Addictions Specialists. We have transitioned Break the Habit to the Illinois Tobacco Quitline. If interested call 866-QUIT-YES (866-784-8937).

Not Here

A tobacco sales compliance program. We notify all tobacco vendors that we will check for compliance. After we test the stores, we send congratulatory letters if they pass. We forward those who fail on to law enforcement, who do an official check for compliance 3 times a year.

Freedom From Smoking

A 7-week, 8 session class that focuses on giving people who want to quit tools for success. Before the participants quit, they look at their habit, and reasons for wanting to be smoke-free, and develop an individual plan to quit. Patches are offered with this program.

Tar Wars

A 3- session program delivered in 4th and 5th grade classes. This programs focus is on changing normative beliefs about the prevalence of tobacco use. Further, instead of giving participants reasons not to use tobacco, it equips participants with decision-making and effective communication skills. Through this program students get a chance to develop counter-marketing strategies.

Events

We completed the School Health Index with Unity East Elementary School on December 12.

On December 12, Unity West's Green Machine (their youth wellness council) sponsored a Drink Water and Milk Day. Students, staff and families were asked to only consume water and milk as their beverages that day. Eighteen staff members participated along with 170 students, several family members of the student body also participated.

On December 19 we presented for the tenants at WASHINGTON Square on Smoke-Free Living. There were four attendees.

Illinois Breast & Cervical Cancer Program (IBCCP)

IBCCP contracts with local medical providers to provide free breast and cervical cancer screening for Illinois women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP serves women from Champaign, McLean and Vermilion Counties. CUPHD IBCCP provides community outreach as well as educational materials and presentations throughout our service area to encourage all women to have their annual screenings done and to seek new client enrollment in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screening tests yield abnormal results requiring IBCCP medical case management and diagnostics services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.
