Tobacco Programs

Smoke Free Illinois compliance

Education/enforcement program for Smoke Free Illinois. We handle all the complaints from the state for Champaign County as well as those from our website. We help businesses to comply with the laws, and report to the State's Attorney if they do not.

Break the Habit

We have transitioned Break the Habit to the Illinois Tobacco Quitline. People interested in quitting can call the Quitline and get individual phone counseling from Addiction Specialists. If interested call 866-QUIT-YES (866-784-8937).

Not Here

A tobacco sales compliance program. We notify all tobacco vendors that we will check for compliance with minimum age laws. After we test the stores, we send congratulatory letters if they pass, as well as notices of failure. This is in cooperation with local law enforcement. Vendors are checked for compliance 3 times per year.

Freedom From Smoking

A 7-week, 8 session class that focuses on giving people who want to quit tools for success. Before the participants quit, they look at their habit and reasons for wanting to be smoke-free. Then, they develop an individual plan to quit. Additional assistance can be obtained from the Illinois Tobacco Quitline, including patches for those who qualify.

Illinois Breast & Cervical Cancer Program (IBCCP)

IBCCP contracts with local medical providers to provide free breast and cervical cancer screening for Illinois women ages 35-64 with no health insurance, Medicaid, or Medicare part B. The CUPHD IBCCP serves women from Champaign, McLean and Vermilion Counties. CUPHD IBCCP provides community outreach as well as educational materials and presentations throughout our service area to encourage all women to have their annual screenings done and to seek new client enrollment in order to provide uninsured screenings for women who would otherwise have no access to these services. Approximately 40% of the screening tests yield abnormal results requiring IBCCP medical case management and diagnostics services. While women under the age of 35 are not eligible for screening through this program, they may be eligible for medically indicated diagnostic services if referred by their medical provider. If diagnosed, eligible women are transferred into Medicaid for cancer treatment.

March 2015

IBCCP informational letters were mailed to all churches, social service agencies, and high schools in Champaign, McLean, and Vermilion Counties. Agencies were asked to share IBCCP information with their congregation, clients, and at "pink ribbon" sporting events as a means of outreach to locate and enroll uninsured women for services.

A total of 99 letters were mailed. However, the letters sent to Champaign County agencies encompassed women living in the C-U city limits and those living in the county.

3-14-15: IBCCP participated in a Women's Health Fair at Salem Baptist Church in Champaign. There were 29 participants at this event.

3-18-15: IBCCP information was distributed at the Migrant Seasonal Worker Meeting.

*Champaign-Urbana indicates women residing in the city limits of Champaign and Urbana. Champaign Co. indicates women residing in Champaign County, but outside the city limits of Champaign and Urbana. These columns must be added together for the total number of Champaign County women served.
