Tobacco Programs

Smoke Free Illinois compliance

Education/enforcement program for Smoke Free Illinois. We handle all the complaints from the state for Champaign County as well as those from our website. We help businesses to comply with the laws, and report to the State's Attorney if they do not.

County	# of Complaints	0

Tobacco Enforcement Program

A tobacco sales compliance program. We notify all tobacco vendors that we will check for compliance with minimum age laws. After we test the stores, we send congratulatory letters if they pass, as well as notices of failure. This is in cooperation with local law enforcement. Vendors are checked for compliance 3 times per year.

KAYLA JANSSEN

I am a social work major with a minor in leadership studies. I am from Homer Glen, IL which is a southwest suburb of Chicago. I got diagnosed with Celiac disease when I was in high school, so I am gluten-free. I am a tour guide for the University, and an ambassador for the social work department. I am a HEALS scholar which stands for Healthcare Education and Leadership. In my free time I love watching Cubs and Bears games. I also enjoy playing basketball. My goals for my internship include learning more about public health and helping people become more educated about the health care system. I look forward to getting to know you all!
