Food Safety at Temporary Events

Church suppers, street fairs, civic celebrations and other similar events call for food service vendors to be set up outdoors or in locations where keeping foods safe and sanitary becomes a real challenge. Following these guidelines will help reduce the risk of foodborne illness.

APPLICATIONS & PERMITS – A temporary health permit shall be prominently posted for each food/drink vendor. There is a limit of three temporary permits per calendar year.

For an event with four or less food/drink vendors, each vendor shall complete a temporary health permit application and submit it with the appropriate fee at least two (2) weeks before the event. For an event with five or more vendors, please contact this department at least four weeks before the event.

The temporary permit application should be completed by the lead person responsible for the food preparation and service at your booth, trailer, etc. This person will be the person in charge (PIC)

PERSON IN CHARGE (PIC) FOOD SAFETY TRAINING – The PIC must include proof of food safety training at the same time an application is submitted. Acceptable proof includes the PIC’s Certified Food Protection Manager certificate, Food Handler certificate or a certificate from the Temporary Food Vendor Training that is available on our website or using virtual reality optics at our office. See the following links: https://c-uphd.org/food-worker-training.html OR https://c-uphd.org/tempfoodtraining/

FEES – The following fees apply to events within Champaign County, but outside of Champaign or Urbana city limits. If your event is within Champaign or Urbana city limits, please use the Champaign-Urbana form instead. Note: If your event is at the Champaign County Fairgrounds, use this form.

Checks or money orders should be made payable to the Champaign County Public Health Department and should accompany the application when submitted. Fees are non-refundable.

CHAMPAIGN COUNTY – If your event is within Champaign County (outside the city limits of Champaign or Urbana), the following fees apply:
1-day event: $50.00
2-14 consecutive days: $75.00
Late fee: $25.00 (if submitted less than three [3] full business days prior to the event)

UNIVERSITY OF ILLINOIS

If your event is on University of Illinois property, you must contact the University of Illinois at (217) 300-5914. We do not issue permits for events on University of Illinois property.

FEE WAIVERS – If your organization is Illinois sales tax exempt (i.e. no sales tax is paid when making purchases for the organization), the health permit and city food license fees will be waived if documentation is submitted. NOTE: You must provide proof by submitting your organization’s Illinois Department of Revenue sales tax exemption letter along with the temporary health permit application each time an application is submitted. Other types of tax exemptions (501C-3, etc.) are not acceptable documents for fee waiver.

There are also fee waivers for school-related fundraising for student programs, youth groups fundraising for their programs, or fundraising for the purpose of paying otherwise unpaid medical expenses. Please contact our office for more information.

Late fees cannot be waived.

PRE-OPENING INSPECTION – Food/drink vendors may be required to have a pre-opening inspection prior to any food/drink handling.

(cont’d)
MENU – Keep your menu simple, and keep potentially hazardous foods (meats, cut-up melons, etc.) to a minimum. Complex food preparations (cooling, pulling pork, etc.) may not be approved. 
*Home preparation of foods is not allowed.*

BOOTH – All food preparation must be done in an approved booth/kitchen with approved equipment. Design your booth with safety in mind. At a minimum, the booth shall have overhead covering, ideally be entirely enclosed except for the serving window, with only one door or flap for entry. Only food workers may be permitted inside the food preparation area. Equipment must be separated (roped off) from the public.

TRANSPORTATION – If foods are to be transported from one location to another, keep them covered and provide adequate temperature controls. Use refrigerated trucks to keep cold foods cold (below 41°F), and insulated containers to keep hot foods hot (above 135°F).

STORAGE – All food, equipment and single-use items must be stored off the ground.

ICE – Ice used to cool cans and bottles cannot be used in beverages and is to be stored separately. Dispense ice from a bag with a scoop, never with hands or a glass container. Ice shall be made from a potable water source.

REFRIGERATION – Mechanical refrigeration is requested. An effectively insulated, hard-sided, cleanable cooler with ice from an approved potable water source may be used. Thermometers must be in each cold holding unit.

COOKING – See the minimum cooking temperatures chart.

HOT HOLDING – Electrical equipment is requested. Propane stoves, grills or canned heat may be used and should be available for backup. An accurate, sanitized metal-stem thermometer must be available and used to check internal food temperatures. The thermometer must be able to measure from 0° to 220°F.

FOOD DISPLAY AND DISPENSING – Keep foods covered to protect them from insects, dust, etc. Keep foods away from customer contamination by using tables or breath protectors.

NO LEFTOVERS – No food can be made ahead of time and cooled down for use at a later date/time. All cooked foods must be served the same day. Foods left at the end of the day must be discarded. Plan accordingly.

CONSUMER ADVISORY – If serving any raw or undercooked animal foods (eggs, beef, fish, lamb, pork, poultry) or shellfish, a consumer advisory is required. Undercooked items on your menu board or sign must be designated by a disclosure asterisk (*). A reminder must also be displayed. Here is a reminder example: *Consuming raw or undercooked meat, poultry, seafood, shellstock or eggs may increase your risk of foodborne illness, especially if you have certain health conditions.*

HANDWASHING – The vendor shall have warm (at least 100°F) running water, soap, individual paper towels, and a bucket to collect the dirty water. A jug of warm water with a turn spout is an acceptable method.

The use of disposable gloves can provide an additional barrier to contamination, but gloves are no substitute for handwashing. Hands must be properly washed prior to using gloves and anytime gloves are changed.
HEALTH AND HYGIENE – Anyone with cramps, nausea, fever, vomiting, diarrhea, jaundice, open sores or cuts on the hands, etc., must not be allowed in the food booth. Workers are to wear clean outer garments, an effective hair restraint and must not smoke, eat or drink in the booth.

DISHWASHING – Wash equipment and utensils in a four-step sanitizing process: washing in hot, soapy water; rinsing in clean water; chemical sanitizing; and air-drying. These facilities may not be required if you are returning to your permitted kitchen or using disposables.

WIPING CLOTHS – Rinse and store your wiping cloths in a bucket of sanitizer. Use the appropriate sanitizer test strips.

WATER SUPPLY – Obtain your water from a potable source. Your connections and hoses shall be constructed, located and maintained to avoid contamination. Food grade hoses must be used for drinking water. Garden garden hoses are not allowed.

REFUSE – Two refuse containers should be available--one for your garbage and another for your customers’ garbage.

LIQUID WASTE – This waste cannot be dumped into streets, storm drains or onto the ground. Use containers to collect liquid waste and discard in a sanitary manner.
If approved, a temporary health permit will be issued for a specific number of days, to operate at a fixed location, with a fixed menu, at a special event (i.e., festival, fair, fundraiser, auto show). Note: Special event means a unique event which is advertised to the public by the use of flyers, banners, newspaper articles, television, social media, websites, or by other means.

All portions of this application must be completed, legible, signed, and submitted at least 14 days prior to the special event. **A $25.00 late fee applies if an application is received by CUPHD less than three (3) full business days prior to the event.**

Temporary Health Permit Fees (non-refundable)
1 day – $50.00
2-14 consecutive days – $75.00
Note: City food license fee may also apply
Illinois sales tax exempt (must provide proof) – $0

1 THE PERSON IN CHARGE (PIC) THAT IS RESPONSIBLE FOR FOOD PREPARATION AND SERVICE SHOULD COMPLETE THIS APPLICATION:

Organization/business name (if applicable):

PIC name:

PIC mailing address:

City: ___________________________ State: _________ Zip: ________

PIC phone: ___________________________ Cell phone: __________________

PIC e-mail address:

2 DON’T FORGET:

☐ I have enclosed proof of the PIC’s food safety training (see guidelines for more information).

☐ I have enclosed payment or proof of an Illinois sales tax exemption (see guidelines for more information).

3 SPECIAL EVENT INFORMATION (where temporary food service will be set up):

Name of special event: ___________________________

Date(s) the temporary food service will operate: ___________________________

Hour(s) the temporary food service will operate: ___________________________

Event location (street address & city): ___________________________

Name of building/park/area (if applicable): ___________________________

I understand that by receipt of a temporary food health permit to operate, I am agreeing to comply with all temporary food requirements. I understand that if I don’t meet the requirements for temporary food establishments, my establishment will have its temporary health permit suspended and may be closed by CUPHD.

PIC signature: ___________________________ Date:________________________

## DESCRIBE THE PROCESS FOR PREPARING YOUR MENU ITEMS

List all food and beverage items (including ice and condiments) and their retail source(s). Use a separate row for each food or beverage item.  *No home-prepared items allowed!*

<table>
<thead>
<tr>
<th>Item</th>
<th>Source</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

How will the listed food item be transported to the event?

<table>
<thead>
<tr>
<th>Item</th>
<th>Source</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Describe how each menu item will be cooked and/or assembled (washing vegetables, chopping, reheating, steaming, grilling, sautéing, etc.).

<table>
<thead>
<tr>
<th>Item</th>
<th>Source</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

How will food be held hot or held cold?

- Hot = 135°F or above
- Cold = 41°F or below

*Foods cannot be cooked ahead of time and cooled down!*

<table>
<thead>
<tr>
<th>Item</th>
<th>Source</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

How will each menu item be assembled and served to the customers?

- Using single-use gloves, each sandwich is foil-wrapped and served.
- **Tongs**

---

Only the food items listed will be evaluated for approval. For any subsequent menu changes, contact this office prior to the event. If needed, use additional sheets.
COMPLETE ALL INFORMATION:

Please check boxes or write applicable responses. If other, please explain. If not applicable, write NA.

Hot holding equipment: □ Steam table □ Grill □ Chafing dish □ Oven □ Roaster □ Other: ____________________________

Cold holding equipment: □ Refrigerator □ Freezer □ Ice chest with ice □ Other: ____________________________

Transport equipment: □ Refrigerated vehicle □ Ice chest with ice □ Insulated boxes □ Other: ____________________________

Extra food storage method: □ Approved kitchen □ Support trailer □ Food purchased on day of event □ Other: ____________________________

Water supply: □ Potable water hoses (if transported) □ Jugs (if transported) □ Source: ________________________________________

Wastewater disposal: □ Municipal sewer □ Commissary/service area □ Provided by event coordinator on-site □ Trailer (use of holding tank) □ Note: The storm drain is not a sanitary sewer!

Handwashing sink: □ Using kitchen with approved handwashing sink □ Using temporary handwash system with WARM water (at least 100°F) (see guidelines) □ Other: ____________________________

Thermometer: □ Yes, I have an accurate food thermometer with 0°– 220°F range. □ No, I do not have a food thermometer.

Bare hand barrier: □ Single-use gloves □ Tongs □ Deli paper □ Other: ____________________________

Customer barrier: □ Sneeze guards □ Table □ Other: ____________________________________________

Warewashing equipment: □ Using kitchen facility with approved three-compartment sink □ Using kitchen facility with two-compartment sink – using container/tub for 3rd sink □ Will provide three portable containers or tubs to wash, rinse, and sanitize □ Will provide extra utensils / no equipment washing required for operation

Overhead protection: Describe the type of overhead protection over food preparation & service area: ____________________________________________

Sanitizer: □ Chlorine □ Quaternary ammonium □ Other: ____________________________ □ Yes, I have test strips

Toilet facilities: □ Within 200 feet □ Same building as the event □ Trailer – self contained □ Portable toilets with handwash stations provided by event coordinator

Garbage disposal: □ Provided by event coordinator □ Dumpster located on-site □ Will collect and haul away

Off-site preparation of food: □ Yes If yes, where? ____________________________________________ □ No

(over) ➔
DRAW A LAYOUT DIAGRAM OF YOUR TEMPORARY FOOD SERVICE

Using the grid below, draw a diagram of the layout of your temporary booth/trailer/kitchen as seen from above. Please draw and label all equipment to be used, such as handsink, tables, refrigerators, grills, hot holding equipment, service area, warewashing area, food storage areas, etc. The food preparation area shall have a booth designed to protect food from dirt and inclement weather, including but not limited to, adequate overhead protection. This overhead protection must be large enough to accommodate all food activities and storage.

DIAGRAM NEEDS TO BE EASILY READABLE. PLEASE LABEL ALL EQUIPMENT AND AREAS.
Don’t forget to include your handwashing station or handsink!
