

Make Your Outdoor Areas Smoke-free

Protect Health

Making your organization or business grounds smoke-free and electronic cigarette-free ensures that your employees, clients, or customers breathe clean air. Secondhand smoke levels outdoors can reach the same levels as indoors.

Tobacco-free policies also make it easier for tobacco users to quit or cut back and denormalize tobacco use.

Improve Client & Customer Experience

82% of Illinois residents are nonsmokers. Most of your clients or customers prefer a smoke-free environment.

Save Money

Cigarette butts are the most commonly littered item in the US. Tobacco-free policies reduce the cost for grounds maintenance. Tobacco-free policies also reduce

Contact CUPHD at 217-531-4252 for more information, policy advice, signage, or communication assistance.
