Help Shape Local Health Initiatives: Champaign County Community Health Needs Assessment Survey Ends August 30

Residents Encouraged to Contribute Their Insights for Future Health Planning

CHAMPAIGN, IL – The Champaign-Urbana Public Health District (CUPHD) is issuing a final call for residents to participate in the Community Health Needs Assessment (CHNA) survey, which will close on August 30. The survey marks the first step in developing a comprehensive Community Health Plan that will guide local health initiatives, services, and funding priorities in Champaign County.

The CHNA survey offers Champaign County residents a unique opportunity to share their insights and concerns about the health issues that matter most to them, directly influencing the future of local healthcare. The feedback collected through this survey will play a pivotal role in shaping future health strategies, guiding efforts to improve health outcomes, reduce disparities, and enhance the overall well-being of Champaign County residents. The surveys will be collected and combined with secondary data with plans for the CHNA to be completed by January 2026.

The survey covers a wide range of topics, including access to healthcare, mental health, chronic diseases, and environmental health. Survey reinterventions and to inform decisions about public health programs and services in Champaign County, including allocating resources effectively, designing targeted interventions, and advocating for the necessary funding to address the community's most pressing health issues. The survey takes approximately 12 minutes to complete, and all responses are anonymous and confidential.
